

Mid Summer Canterbury Capers

8 genteel NWR ladies from Shoreham-by-Sea
Decided to go on a spree.
So B, G, J, S, R, M, Y and Me
Set off to visit C-AN-T-E-R-B-U-R-Y.
It being mid summer we hoped for the sun,
But whatever the weather we knew we'd have fun.
From a boat on the river with many a sight,
To a trip to the theatre – Hot Mikado – that night.
Mid Summers Day and still no rain,
But it was cloudy and cool which was a pain.
A walk with a guide to learn history galore,
Evensong in the Cathedral, who could want more?
Another good meal back at our base,
Then up to the room – start packing the case.
Monday soon here and time to depart,
But we'd had so much fun there was no heavy heart.
For those on the train just time for one more
Walk into the city for some more folklore.
Then back for the cases and off to the train,
Well can you believe it 4 days in June with no rain?
8 not so genteel NWR ladies from Shoreham-by-Sea
Returned on Monday back home in time for tea.

(Obviously I have used poetic licence as any one who know Shoreham-by-Sea members know that there are no way 8 genteel ladies, only 1 or 2!!)
