

# Setting up a new NWR Group

## What we will do

Generate new members for your group by:

- Advertising locally via digital channels (Facebook/Instagram, Google ads)
- Local PR – create press releases and send to your local media outlets to raise awareness in local community

Manage enquiry process and communicate with potential members

Provide list of suggested discussion topics to encourage good chats

Give you access to an office contact and a support network of women who are setting up new groups

## How you can help

Help us find an appropriate venue – we advise large pub or coffee shop in off-peak hours

Attend the meetings and welcome newcomers to the group

Let us know how the meetings go

You can send us an email at [enquiries@nwr.org.uk](mailto:enquiries@nwr.org.uk)

You can call us on 01603 406767
