Workshop - Relaxation and Facial, with Rachel Keal

Details

Rachel is a member of Norwich 2 NWR.

This workshop is a chance to step away from the busy pace of the day and focus on you. It will give time to relax, unwind, and understand your skin a little better.

You'll be guided through your skin's needs and have the opportunity to experience a range of products, helping you build a simple, effective routine that truly complements your skin, not someone else's.

We'll be using TEMPLESPA, a British luxury spa brand that is 100% vegan and results-driven. It's science-led skincare, inspired by and bathed in Mediterranean sunshine.

TEMPLESPA is built on three core pillars:

Performance – proven formulations that deliver visible results

Experience – sensory rituals that feel indulgent and restorative

Texture – products that feel as good as they perform on the skin

This is more than skincare, it's a moment of wellbeing, confidence, and connection, designed especially for women.
